

ATTENTION BILLERICA WATER CUSTOMERS

A Level 1 Drought (formerly Drought Watch) for our Northeast Region has been declared. This declaration resulted from a July 8th meeting of the Massachusetts Drought Management Task Force which is comprised of State, Federal and Local officials. Their next meeting will be August 12. This declaration will remain in effect until water levels return to normal.

Effective immediately NON Essential Outdoor Water Use is allowed ONE DAY per week before 9 am and after 5 pm.

Properties on the East side of Boston Rd (Route 3-A) are allowed to water on SATURDAYS ONLY before 9 am and after 5 pm.

Properties on the West side of Boston Rd (Route 3-A) are allowed to water on SUNDAYS ONLY before 9 am and after 5 pm.

Exceptions to this are the watering of vegetable gardens and livestock by hand held hose only.

If you have any questions on these restrictions call the Water Division at 978-671-0957.

We advise our residents to not only conserve water, but due to very dry conditions to utilize extreme caution when cooking outdoors and/or using outdoor fire places.
